Thousands gather to collect Siddharamaiah's largesse

Mysuru, June 3 (RK&BCT)- All roads led to the Maharaja's College Grounds this morning where the Congress Government has put its full strength to highlight its achievements in the last four years after the party romped home to victory in the election that was held in May 2013.

Titled 'Sarakari Soulabhya Vitarana Sambhrama', the mega event had other themes too including *"Kotta Maatu Ditta Sadhane"*, *"Janarige Manana, Janarige Namana"* and the entire Government machinery was at the venue to make the event a grand success. And since Mysuru is Chief Minister Siddharamaiah's hometown, special attention was given to ensure that the message of a "people-friendly Government" was driven home loud and clear.

In a way, it was a Government-sponsored pre-poll campaign extravaganza using public money in a State that is facing Assembly election in 2018. Insiders told *Star of Mysore* that the administration is spending Rs. 25 crore for the two-day promotional event in Mysuru. The Department of Information is bearing half the expenditure and the rest is borne by the respective departments.

Karnataka has been divided into four divisions and the first 'Sarakari Soulabhya Vitarana Sambhrama' was held at Chitradurga on May 13.

Mysuru division with Mysuru, Mandya, Chamarajanagar, Kodagu, Udupi, Chikkamagaluru, Dakshina Kannada and Hassan districts is hosting the event today and tomorrow.

HUGE CROWD

Over 25,000 people and beneficiaries arrived from Mysuru division at the college grounds this morning where more than 50 district and department stalls have been set up. Officers are expecting more people and the crowd is expected to touch one lakh in two days.

Facilities including drinking water and toilets have been set up for public convenience. Giant cut-outs and flex banners of Chief Minister Siddharamaiah, PWD and District in-Charge Minister Dr. H.C. Mahadevappa, Social Welfare Minister H. Anjaneya and Mahadevappa's son Sunil Bose are dominating the venue.

OVER 750 KSRTC BUSES HIRED

More than 750 government buses, 500 private buses and mini-buses have been commissioned to ferry beneficiaries and their relatives from across the division.

Moreover, 10 KSRTC buses have been hired from each taluk of all the districts under the division. KSRTC authorities have, however, said that regular passenger routes have not been affected as buses have been procured from other divisions.

Parking facilities have been made at the back of the stage for VVIPs and VIPs and for other vehicles at Scouts and Guides Grounds, Maharaja Sports Grounds and along the Kukkarahalli-Saraswathipuram route.

TIGHT SECURITY

The entrance to the venue and the stalls has been secured by the Police and each visitor had to go through the metal detector before entering the event area. Separate enclosures for beneficiaries have been erected and there are separate sections for men and women.

More than 3,000 Policemen drawn from the city and other districts are manning the security.

(See THOUSANDS on page 8)

Siddu's Samavesha disturbs students writing exams

Mysuru, June 3- Even as Siddharamaiah Government is tom-tomming its achievements and people have gathered in large numbers at the Maharaja's College Grounds, to participate, students writing the exams have been put to great deal of inconvenience. What one needs when writing exams is a clear mind but unfortunately for the students of Physical Education Department and Maharaja's College, the exam centres are right next to the venue where the mega event is taking place. The loud music and noise created by the loudspeakers and people speaking in high decibels, is causing a lot of disturbance to them, to write the exams.

The Head of the Physical Education Department called the organisers to at least, lower the volume of the speakers but it was in vain. The students were seen struggling to reach the examination venue on time but failed due to the heavy rush. As a result, the examination began ten minutes late.

(See STUDENTS on page 8)

CBSE 10th results declared

New Delhi, June 3- The Central Board of Secondary Education (CBSE) declared its Class 10 Board or Secondary School Certificate (SSC) examination results this afternoon. **The results can be accessed on cbse.nic.in, results.nic.in and cbseresults.nic.in**

Trivandrum region has highest pass percentage at 99.85, followed by Chennai region at 99.62. Allahabad region is third with 98.23 pass percentage. Delhi region has pass percentage of 78.09. Class 10th pass percentage is 90.95, a dip of over 5 percentage points from last year's 96.21.

The results were declared in the form of Cumulative Grade Points Average (CGPA): It is the average of Grade Points obtained in all the subjects excluding the sixth additional subject as per the scheme of the exam.

This year 16,67,573 students have given Class 10th exam out of which 7,81,463 students appeared in CBSE's school-based exam and 8,86,506 students took the board-based exam.

Matrimony marvel makeover

Sages of yore have laid down the ground rules to be followed without let up by married couples. These prescriptions can be accessed by lay people with the help of scholars conversant with the text in Sanskrit. Publications of the ancient text in many languages, including Kannada, may not be hard to find. Thanks to the knowledge based on keen observations made by people of past generations over centuries, a great deal of advisory has also emerged on the do's and don'ts to be followed to ensure the wedded-to-be couples live a *happy married life*, the dream of not only their parents but all well-wishers of the couple and their family. Mysureans of many decades past can recall the elders in the families focussing on the crucial implications of *vara saamya* or compatibility relating to many issues such as age disparity, social status, physical parameters, capability of the groom to care for his would-be life partner and so on. The societal pre-matrimony as well as post-matrimony practices have witnessed a time-warp culminating in a no-holds-barred game of matrimony in our days.

While child marriage and even infant marriage, enjoyed societal sanction in the past, the orthodoxy in the era gone by did not favour consanguineous marriage (marrying close relatives or from same descent-*gotHra*), perhaps with the rudimentary knowledge that the progeny of such couples would not be robust physically or mentally sound, apart from deformities and disorders.

In a certain sense, both health and wealth are hereditary, given *a)* the knowledge that some afflictions such as diabetes are inherited and *b)* jewellery and other assets such as land are passed on by the father to the son and daughters, as per the land's laws. While conserving health (both inherited and developed by good habits and diet) and protecting wealth (particularly the inherited part) are both issues of wisdom, the time-honoured belief that getting boys married would bring in its wake stability in life has just got fractured due to the volatile nature of modern society, particularly *a)* disregard to advice of the elderly, *b)* stressful life marked by threats to harmony and peace, *c)* vacuum of mentors for the youth, *d)* despicable ways of community leaders as role models in societies and so on.

While people at large marvel at the many-sided benefits of marriage, including healthy living, a study based on a nationally representative sample of Swiss households published recently has busted the link between marriage and healthy living. Now, the elders in the family may have to revisit their conviction that all will be well once their wards are married. The sociologists will have to strain their brains on addressing issues of a society with an expanding mass of unmarried boys and girls.

EDITOR'S BOTTOMLINE

THE OMNIPRESENT PLASTIC IN PARADISE: ***There are innumerable ways through which plastic comes into our homes and goes out. We go to the grocery shop and are given the provisions we buy in plastic carry bags. We go to green grocery shop and the vegetables are given to us in plastic carry bags. Every day we bring at least one plastic carry bag into our homes. And how do we get rid of them? I used to burn them periodically. But then I learnt it is dangerous to burn plastic. It even causes cancer. And now I don't know what to do with it. It is seen everywhere in our home. It is seen everywhere in our public spaces. It overpowers the environment and chokes the earth. We clean our homes and the waste is dumped on the roadside. And shops, especially the poultry shops, put the waste in plastic sacks and at night dump them on roadsides. And the waste decays and we have to hold our breath when we have to pass through such areas. Everybody wants to throw out their waste from their homes and compounds and shops. And the public space becomes garbage dumps. People keep their homes clean and tidy and make the roadsides dirty and stinking.*** — *C.V. Sukumaran in The New Indian Express.*

NEWS SPARKLERS

Pretends to be blind for 28 years

Madrid: 28 years ago, Carmen Jiménez, from Madrid, Spain, became completely blind due to a serious eye injury. At least that's what she told everyone, including her own family, because she was tired of having to say "hello" to people she didn't actually want to greet.

The 57-year-old woman recently revealed that she had always been able to see perfectly, which left her family in shock, even though they had always suspected about her condition. Her husband told reporters that she would put on her makeup perfectly, and sometimes they would see her trying to look at the TV from the corner of her eyes. But she never admitted to faking her blindness, until recently. Apart from having to explain to her family why she lied to them for so many years, and meeting the very people she was trying so hard to avoid and also to escape from doing many social responsibilities, Carmen Jiménez is also facing legal problems, she has received special financial aid by registering as blind person.

Samurai armour for cats & dogs

Tokyo: Ever wonder what your pet would look like as a Japanese samurai? Well, thanks to this company selling Samurai armours for cats and dogs, you don't have to imagine it anymore.

Samurai Age specialises in handmade Samurai helmet and armour bottle covers, but they recently went into the pet business as well, launching a line of samurai armour for cats. They don't look like the provide much protection from the cold, but if you're looking to bring out their warrior spirit, they are perfect.

Samurai Age has a standard armour size for cats and small dogs, but you can place and order for custom size armour too, like the red one worn by the adorable Shiba-inu in the picture above. Not only that, but according to Grapee, it looks like the company will also fashion sets of pet armour after those worn by legendary Japanese samurai.

HEALTH CAPSULE by Bron Smith

What is Apitherapy?

Apitherapy promotes honeybee products for therapeutic use. Raw honey is used to treat burns, acne and sore throat. Bee pollen acts as a protein supplement and an allergy treatment. Propolis lowers cholesterol, and beeswax is used as a burn ointment. Bee venom has been shown to treat many conditions.

** Health Capsules is not intended to be of a diagnostic nature.*

MYRA ties up with Cambridge Judge Business School

Mysuru, June 3 - City-based MYRA School of Business has partnered with Cambridge Judge Business School to offer its cutting edge Executive Education programmes in India. A formal MoU to this effect was inked on May 30.

MYRA's upcoming Executive Education Centre based out of Bengaluru would be its focal point of operations for all programmes bordering themes in Strategy, Digital Transformation & Innovation catering to its regional hi-tech cluster and beyond. These Executive Education programmes would be offered in the part-time, weekend only format in Bengaluru with a week of stay and classes held at Cambridge University.

MYRA would be offering its part-time, weekend only Executive MBA programme which would have integrated Executive Education modules from Cambridge Judge Business School as its key differentiating factor.

As part of strategy to offer programmes to working professionals, MYRA would be offering a weekend only PGDM (Post Graduate Diploma in Management) for applicants seeking to balance learning with professional needs keeping in retrospect their needs for business re-calibration.

Project Prerepana: Women trained in tailoring

Mysuru, June 3 - NR Foundation, the philanthropic arm of NR Group, recently concluded a tailoring training programme for the residents of Bharathnagar, Mysuru, in association with Swami Vivekananda Youth Movement (SVYM).

In this four-month programme, 20 women were trained under the guidance of 85-year-old Sathyavathi Rao, a retired bank employee. Completion Certificate and Tailoring Kit were handed over to the trainees at the valedictory function of the programme held under Project Prerepana to empower women by providing them job opportunities.

Anusha, Sub-Inspector, Kuvempunagar Police Station, Anitha, Head-Operations, SPPL, NR Group, Dr. Jayaprakash Rao, Media Advisor of Commissioner and Sindhu Suresh, Director, SVYM, were the chief guests.

VOICE OF THE READER

Let Hardinge Circle be renamed as Jayachamarajendra Circle

Sir,

Now, the Statue of Sri Jayachamarajendra Wadiyar is installed in Hardinge Circle, it is befitting to rename it as 'Jayachamarajendra Circle' so as to perpetuate the memory of the late Maharaja, who was a towering personality, dignity personified, a scholar and a great patron of art and music. Sadly, he died young.

All the three Statues of these benevolent rulers of the past of the erstwhile Mysore State, being collinear, have become prominent landmarks of Mysuru reminding their good governance and concern to their subjects.

The authorities concerned may please take the above suggestion positively and act for its early implementation.

Defective number plates on the rise

Sir,

Nowadays it has become quite common to see vehicles, especially two-wheelers, to move around in the city with missing or defective number plates.

Recently I have noticed one such vehicle, with blocked number plate *(see photo)* but could not follow it as I was in a hurry to go on my work. In this case the serial number is totally blocked with white paint and both rider and pillion are going without wearing a helmet.

In other cases either one alphabet or one digit is being removed, mainly in the rear number plates, which is an offence under rule 190 Clause 50 of MV Act. In some cases, the registration number is written in too small size, so that it becomes difficult for the cameras to catch them.

Many vehicles, including cars, are moving without number plate either at front or rear, which is also an offense. All these are being done to escape from the violations they do while on road.

It is requested that the Traffic Police may conduct a special drive exclusively to confiscate such vehicles or fine them to the extent possible and announce the number of such vehicles caught on regular basis, so that others may not do it next time. If this violation is not corrected there is no meaning of installing CCTV cameras by spending crores of rupees.

Interested must submit four passports size photographs, education qualification certificate, medically-certificated disability certificate and Aadhaar card copy along with their application. For details, contact the Association at No. 69, S.C. Road, Nehru Nagar, Shesadripuram, Bengaluru-20 or contact Mob: 97411-22706.

Ph.D. awarded

The University of Mysore (UoM) has awarded Ph.D in Botany to H.S. Seema for her thesis 'Arbuscular Mycorrhizal Fungi Associated with Some Medicinal Plants and Their Role in Biomass Enhancement' submitted under the guidance of Dr. Rajkumar H. Garampalli.

Wet, dry waste segregation from homes to begin on June 5; fines if not followed

Mysuru, June 3 (SP&NNN)- Mysuru City Corporation (MCC) Health Officer Dr. Nagaraj has announced that wet and dry waste should be segregated at the houses itself and handed over. This process will begin from June 5, the World Environment Day.

He was speaking after participating in the Pourakarmika workshop to train the Pourakarmikas to separate garbage at source, organised here yesterday and said that the Centre had started Swachh Bharat Abhiyan and the Pourakarmikas have a major role to play in this. Hence, the workforce should segregate the waste while collecting from homes itself. If it is not done, then they have to pay fine, he said.

If the surroundings in the city are kept clean, interest is shown to grow trees and plant saplings and if the general health of the public is good, then the observation of World Environment Day becomes meaningful. To achieve this, it is not only the responsibility of the Pourakarmikas but also the public should join hands, said Dr. Nagaraj.

Earlier, Solid Waste Management Committee Member Basavaiah, speaking on the occasion, said that Mysuru city has the distinction of reaching the top place in cleanliness in the country. The garbage strewn around should not mar the beauty of the city. Besides, there is no such thing as useless things on this earth. Everything can be recycled and by segregating the waste at source, the waste products can be utilised, he added.

Recycled items: Manure, fuel and gas can be produced using wet waste and these can be used for cooking and running vehicles and producing power and other useful things. Likewise, plastic can be recycled to make cement, diesel and petrol. Added to this, broken glass pieces, rubber, iron, synthetic materials, ceramics can all be recycled and could become revenue-generating sources.

Hence, no items should be considered a waste and discarded. Instead, everyone should come forward to separate them as dry waste, he highlighted.

Harm garbage can cause: If wet waste is mixed with dry waste, then bacteria with poisonous chemicals will be produced. This leads to breathing problems because of the stink it creates. This kind of smell attracts rats and dogs leading to spread of diseases.

Garbage separation oath: Releasing a handbook on segregating waste at source, everyone took oath. On this occasion, it was demonstrated how to put wet waste in green dustbin and dry waste in blue dustbin.

Health Standing Committee Chairman Mahadevappa, Corporator Prashanth Gowda, Nodal Officer Sudha, Zonal Commissioners Nagaraj, Veena, Priyadarshini and nine newly-selected environmental engineers, participated.

MCC Commissioner G. Jagadeesha is seen explaining about waste segregation at the MCC's stall put up at the Maharaja's College Grounds to highlight the Government's achievements. Others seen are District Minister Dr. H.C. Mahadevappa, MLA M.K. Somashekar and DC D. Randeep. *[See also page 10]*

> The Corporators and the officials put pressure on Pourakarmikas to work hard and keep the city clean. However, they are least bothered to find out the problems being faced by the people who keep the city clean. They do not know the strength of the labour force, the shortage of garbage clearing carts and cleaning vans. In our area, every day one-and-a-half load of garbage is collected. However, because of improper facilities to dump, half the load has to be left behind. It has also been advised to fix mike and chip to the garbage vans. But, to this day most of our problems remain unsolved. When this is the condition, how is it possible to clear the garbage properly?

Rs. 4 lakh subsidy to Pourakarmika homes

Mysuru, June 3- The State Government has announced Rs. 4 lakh subsidy to Pourakarmikas for construction of houses.

Narayana

Declaring this while speaking to *Star of Mysore* yesterday, former City Mayor and former State Safai Karamchari Commission Chairman Narayana said hitherto, the Pourakarmikas were being paid Rs. 2 lakh subisdy. But now, the Government has issued an order hiking the subsidy to Rs. 4 lakh.

Noting that the State Cabinet in its meeting on May 4, 2016 had passed a resolution on regularising the service of 40,000 contract Pourakarmikas in the State by March 2017, Narayana alleged that the authorities were not keen on implementing the Government order.

He has written to the State Government seeking regularisation of contract Pourakarmikas by June 12, he said and warned of a State-wide agitation if the Cabinet resolution was not implemented. A meeting of Pourakarmika leaders from Mysuru, Kodagu, Hassan, Chamarajanagar and Mandya districts has been convened at the city's Town Hall on Saturday (June 3) to discuss the issue, he added.

Trin-Trin cycle thief arrested

Mysuru, June 3 (RKB&DM)- Ashokapuram Police have cracked the 'Trin-Trin' cycle theft case with the arrest of a person from Srirangapatna.

The arrested has been identified as Nagendra, 38, of Srirangapatna.

Acting on a tip off, the Police traced the accused, Nagendra and caught him red-handed at Srirangapatna when he was found riding the 'Trin-Trin' cycle which was stolen by him from a docking station near Dr. Ambedkar Park in Ashokapuram.

The theft of two 'Trin-Trin' cycles on Mar.17 had caused headache to the city Police. The Police, who scrutinised CCTV footages, identified the accused and succeeded in nabbing Nagendra. Following the arrest, Nagendra was produced before a city Magistrate, who handed him over to Judicial custody.

Teenager who made prank calls to Police Control Room, given a dressing down

Mysuru, June 3 (SBD)- In a reported incident, a mischief monger teenager, who used to make prank calls to Police Control Room (100), was tracked by the Police and given a dressing down.

The 17- year old boy used to frequently call the Police Control Room and abuse the staff using foul language, besides misbehaving with women personnel.

The Police, who were fed up with the calls, tracked the caller and picked him up from a location in city. The teenager, who has been identified as the son of a GP Member from Periyapatna Taluk, was brought to the city Police Commissioner's Office and was 'educated' against making such prank calls in the future.

The Police later let off the teenager after obtaining a written undertaking from him in the presence of his father, it is learnt.

Free bus passes for SC/ST students from this year

Eggs will be provided for girls in Govt. SC/ST hostels

Bengaluru, June 3 (KMS& BCT)- Continuing his government's welfare programmes for the Dalit community in a State that is going to polls in 2018, Chief Minister Siddharamaiah has announced free bus passes for Scheduled Caste (SC) and Scheduled Tribe (ST) students all over the State.

Chairing the meeting of the Karnataka Scheduled Caste Sub-Plan and Scheduled Tribe Sub-Plan of the Social Welfare Department at Vidhana Soudha yesterday, Siddharamaiah directed authorities of the Transport Department to provide bus passes free of cost to SC/ST students studying in schools, colleges and Universities. The scheme will be implemented from this academic year.

Presently, the students are bearing 25 per cent of the cost of the subsidised bus pass. It will now be made fully free. The move is expected to entail an additional cost of Rs. 104 crore which would be provided from the SC and ST Development Corporations, the CM said.

The CM also announced that eggs will be distributed for girl students of SC and ST communities for them to consume protein-rich food. He suggested the officials to come out with a programme to serve eggs free of cost as part of the diet for girl students in SC/ST government hostels at least four days a week (16 eggs in a month).

Officials who have failed to meet the target in implementing SC/ST welfare programmes came under fire at the meeting. Siddharamaiah asked Social Welfare Minister H. Anjaneya to issue notices to such officers.

The Chief Minister warned that officials who fail to utilise funds for the programmes would face stringent action. He congratulated officials who have shown good performance in implementing the programmes.

Siddharamaiah wanted the officials to speed up implementation of housing projects for SC/ST communities. He emphasised on realising his mission of providing own houses for every SC/ST family in the State. He conveyed his displeasure at the conditions in many SC/ST and Backward Class student hostels being run by the Social Welfare Department and the food being served to students there.

He directed all department heads to utilise the allocated amount before March 31, 2018. Social Welfare Minister H. Anjaneya, Revenue Minister Kagodu Thimmappa, Law and Parliamentary Affairs Minister T.B. Jayachandra and Chief Secretary Subhash Chandra Khuntia participated in the meeting.

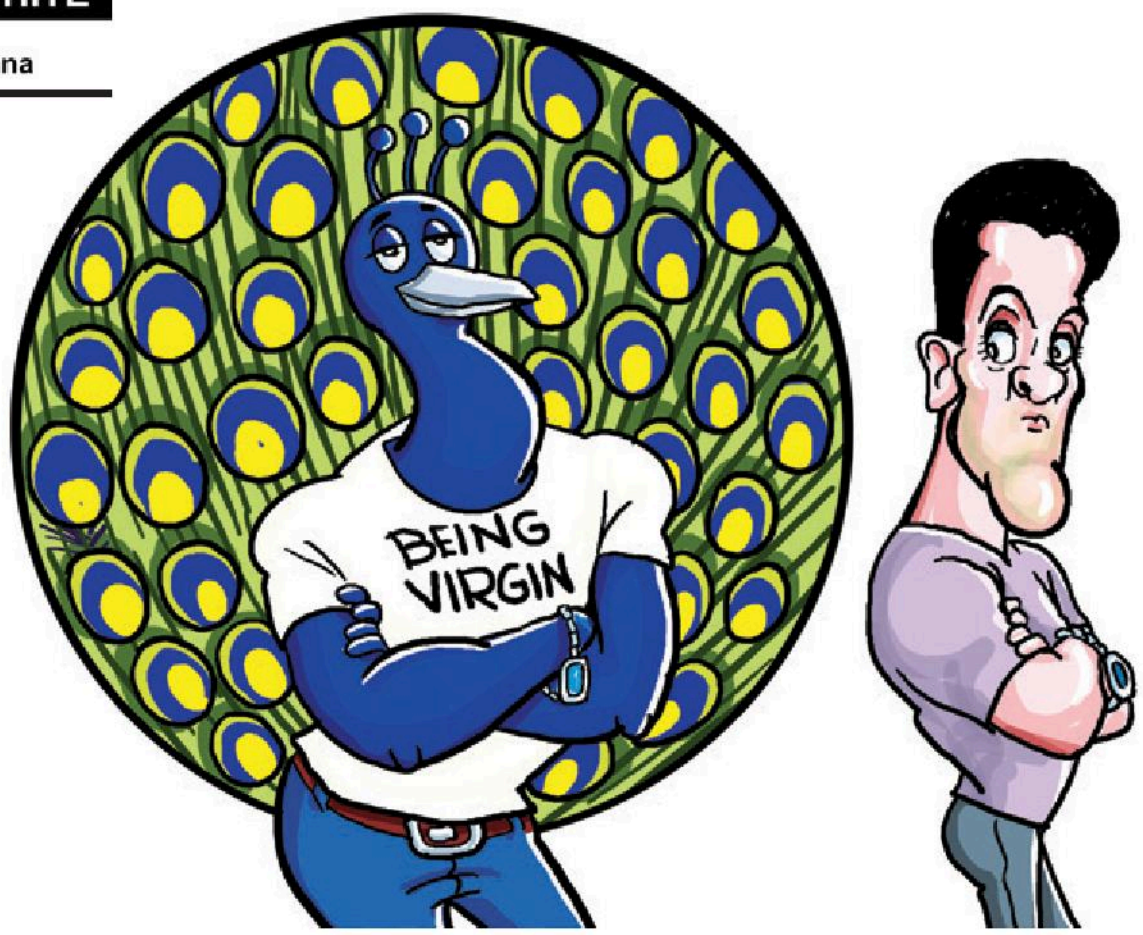
IN BLACK & WHITE

Vikram Muthanna

Peacock Justice



Oh! It seems Salman Bhai is not the only adult-virgin in India. There is another good-looking star who is also a virgin, the peacock, our national bird. So how do peacocks procreate then… it seems, the peahen drinks the tears of the peacock and that's it, it has a baby peafowl. This discovery was made by a High Court Judge based on facts such as 'myth'ology.

By now everyone knows these special ornithological discoveries were made by Justice Mahesh Chandra Sharma of the Rajasthan High Court on his last day as Judge. He gave this 'coitus-confusious' talk after delivering a 139-page ruling (!) in response to a petition alleging maltreatment of cows in a local animal shelter.

Even in the last judgement, Justice Sharma had interesting insights into the animal world. While he recommended that the cow be declared India's national animal, he also noted that the cow was the only animal that inhaled and exhaled oxygen and was a mobile "clinic" and that its urine had miraculous properties of destroying germs and preventing ageing! That's it, soon we are sure we may have Pathanjali anti-ageing serums and the main ingredient will be cow urine! Probably, it will be called *Gausutra* anti-ageing cream.

Now, when it comes to politics even animals are an instrument of vote-bank politics. **So the divine bovine has now become a political bovine.** But while we want to protect the cow, do we love it? No. Where are the cow-lovers when cow owners leave their cows on the roads to eat plastic bags next to dustbins? Where are these bovine fanatics when overloaded bullock carts are pulled by suffocating bullocks behind smoke-spewing tempos? Where are the *Gaurakshaks* when cows are openly transported in goods autos in standing position, which is illegal?

Guess, that is because they care only about cows that are being sent to the slaughter house. But we are sure a cow would rather be slaughtered than have a painful death as plastic fills its belly or when their legs break during transport and unable to feed, they die of starvation.

To be bovine in India is not divine but a life of burden. The holy cow and its progeny are beasts of burden that have been exploited for the purposes of religion and politics in this country.

The cow may be sacred but what about pigs, goats, sheep, fish and chicken? They are God's creatures too. In fact, in coastal areas fish is considered vegetarian!! How convenient. In a democracy, one community's wish cannot become the law for all. It's not Saudi Arabia, hell even there you get pork and alcohol which are considered *haram* in Islam.

In a free nation with a Constitution and personal liberties, it is one's right to choose what they want to eat unless, of course, they're vying for their neighbour's chicken.

Above all, whose cows are being slaughtered? It's the poor farmers'. A milch cow can be milked for up to 12 to 14 years, after that it is of no use to the farmer. Now the farmer is left with three choices — use it to plough land, sell it to the slaughter house or send it to Pinjrapole where she will live out the rest of her life, which is about another 15 years. Now if a farmer were poor, he would obviously sell it to a slaughter house which typically pays around Rs. 2,500 per cow.

Taking up the issue of just cow slaughter is only going to end up as a political game in which personal freedoms will be slaughtered and our Constitutional rights bloodied. Banning cow slaughter is going to send the practice underground and give birth to a new black market in which thugs, cops and government officers will thrive.

Now the more disturbing aspect of the former Judge's statement is when he in his 139-page judgement recommended life imprisonment for anyone killing a cow! **And the reason why he thinks life imprisonment is justified is because he believes there are "330 million Gods and Goddesses" that reside in a cow!** Thank God, I was never in front of this Judge seeking justice!

In any other country there would be a call to review all the judgements pronounced by this Judge because he has a prejudiced mind. And a prejudiced mind cannot be fair. An unfair mind cannot deliver justice in a complex, multi-cultural and multi-religious society like ours.

This Judge's statements will scare anyone who seeks justice. May be, it's time to reassess how we select Judges. It's not knowledge or education that makes a person fair. It is a sense of humanity and check of reality. Else, they will deliver only peacock justice!

Ministers' drum-beats signal *Siddu's Sadhane*

Ministers Dr. H.C. Mahadevappa and H. Anjaneya are seen beating the drums to launch the procession of folk troupes this morning from Palace Anjaneyaswamy temple to the Maharaja's College Grounds where a stage programme was held to highlight Siddharamaiah Government's achievements.

Mysuru, June 3 (PM&NNN)- District in-Charge Minister Dr. H.C. Mahadevappa and Social Welfare Minister H. Anjaneya, beat the drums, in front of Kote Anjaneyaswamy Temple, Palace North Gate, here to signal the beginning of the two-day *Sadhaneya Samavesha,* organised by the Information and Public Relations Department.

In all, 16 group of folk artistes from eight districts had gathered to take out a procession, on the main thoroughfares of the city and Dr. Mahadevappa after performing *Nandi Kamba puja,* inaugurated the procession. Later, speaking he said, "Most of the promises we had made during the elections, we have fulfilled. The aim of the Government is to bring its achievements in front of the public, after completing four years successfully."

However, there were not many people, even though the folk artistes had come prepared enthusiastically and were seen performing their routines with great gusto. The procession passed through K.R. Circle, took a left turn, entered Sayyaji Rao Road, wound its way through Mysuru City Corporation (MCC), Basavanna Circle, entered Chamaraja Double Road, touched Ramaswamy Circle and ended at the Maharaja's College Grounds.

The folk artistes in colourful costumes, representing different districts, performed traditional dances particular to their region like *Veera Ghase* (Chikmagalur), *Dollu Kunita* (Mandya), *Koragur Dola Kunita* and *Chande Vadana* (Dakshina Kannada), *Karaga Kola aata, Kangeelu Kunita* (Udupi), *Garuvara Kunita,* Jenu Kuruba dance (Chamarajanagar), *Keelu Kudure* (Hassan), *Bolakat, Suggi Kunita* (Kodagu) and *Garudi Gombe* (Mysuru).

Thousands gather to collect Siddu's largesse

(Continued from page 1)

Police have been deployed at various places around Maharaja's College Ground. Deputy Commissioners of all the districts coming under the Mysuru Division, Zilla Panchayat CEOS, Additional Deputy Commissioners, Mayors and City Municipal Council Presidents of Congress party are overseeing the arrangements. Beneficiaries and their relatives coming from far of places like Dakshina Kannada and Udupi were brought to Hunsur, K.R. Nagar yesterday and were accommodated at various government hostels for them to attend the event today.

INAUGURATION

Chief Minister Siddharamaiah arrived at the venue at 12.30 pm and inaugurated the event at 1.15 pm. A host of dignitaries including KPCC President Dr. G. Parameshwara, Ministers U.T. Khader, M.R. Seetharam, B. Ramanath Rai, A. Manju, Pramod Madhwaraj and M. Krishnappa, CM's son Dr. Yathindra Siddharamaiah, MLAs Vasu, M.K. Somashekar, Dr. Geetha Mahadevaprasad and Kalale Keshavamurthy, ZP President Nayeema Sultana and Mayor M.J. Ravikumar were present on the dais.

FLEX BANNERS DOMINATE CITY

Huge posters and flex banners dominated the city for the mega government event. While the Maharaja's College and its surrounding areas had cut-outs of CM and a few of his Ministers, the outer areas including Mysuru-Mandya Road, Hunsur Road, H.D. Kote, Nanjangud, T. Narsipur and Bannur Roads had posters and cut-outs of the CM, Ministers Mahadevappa and H. Anjaneya.

Interestingly, along with the CM and Ministers, the photos of Minister Mahadevappa's son Sunil Bose were prominent with CM's son Dr. Yathindra Siddharamaiah's photo finding place only in a few banners.

TIME TO GET HIGH !

Villagers who had come for the event from far off places thought it best to down a couple of pegs before the event began and they headed straight to bars and liquor outlets in Ramaswamy Circle, Chamaraja Double Road and surrounding areas. With the event beginning beyond the scheduled time, people headed to liquor outlets and crowded before them to have their favourite drinks.

Several enterprising pushcart vendors had set up stalls in and around the venue and made fast money. Vendors were seen selling tender coconuts, cucumber snacks, cut fruits and juices, churumuri and other eatables.

Siddu's *Samavesha* disturbs students

(Continued from page 1)

Meanwhile, a student of Maharaja's College J.Sagar who had just finished writing his final year Geography exam, speaking to *Star of Mysore* said, "Sir, it was very difficult for me to concentrate and write the exam with so much of noise in the background. I am sure all other students are in a similar predicament. Is the government's celebration more important than the students' interest?" he asked caustically.

Traffic Jam

All roads were leading to the Maharaja's College as buses both government and private were seen dropping people at various Circles where the Police had put barricades. They had a tough time controlling the traffic. As we were going to the press, people were still seen getting down at Ramaswamy Circle, behind DC Office, RTO Circle to name a few and making their way on foot to the venue.

People from all the four directions, north, south, east and west — Bengaluru, H.D. Kote, T. Narasipura, Hunsur — it was endless as they kept coming. There were also many who were on a shopping spree in city.

State Government for hiking job reservation: CM

Mysuru, June 3 (MTY&DM)- Maintaining that the State Government was for hiking job reservation from the present 50 percent to 70 percent, Chief Minister Siddharamaiah said that the hike will be based on the proposal to be made by the Socio-Economic Survey Report.

Speaking to press persons on his arrival at Mandakalli Airport here this morning, the CM said that the Government was looking at the legal options available before it on hiking reservation quota.

McGann Hospital incident

Referring to a video footage showing an aged woman dragging her ailing husband by his feet for shifting him to the scanning room after reportedly being denied wheelchair at McGann Hospital in Shivamogga, the CM only said that he has directed the Shivamogga DHO to probe the matter and submit a report.

Replying to a query on the Congress seeking a no-confidence motion against Legislative Council Chairman D.H. Shankaramurthy, the CM questioned the propriety of Shankaramurthy continuing in office when the BJP had no majority in the upper house.

When asked whether he had held talks with the JD(S) on removing Shankaramurthy, the CM said he will hold talks with the JD(S) leaders on the issue soon.

Asked about Water Resources Minister M.B. Patil performing puja at the birth place of River Krishna at a time when the Government was planning to introduce Anti-Superstition Act, the CM said it was the Minister who may have performed puja on his own and the Government had nothing to do with it.

The CM, who was accompanied by Minister Roshan Baig, was received at the airport by Social Welfare Minister H. Anjaneya, MP R. Dhruvanarayan, MLA Kalale Keshavamurthy, DC D. Randeep, City Police Commissioner Dr. A. Subrahmanyeswara Rao, SP Ravi D. Channanavar and others.

Dr. G. Parameshwara arrives in city: KPCC President Dr. G. Parameshwara, who recently quit as Home Minister, landed at the Mandakalli airport by a special helicopter minutes before the CM arrived and left for Suttur.

Will visit Suttur Mutt whenever I come to Mysuru: KPCC Chief

Mysuru, June 3 (SP&DM)- Stating that he will be visiting the Suttur Mutt whenever he came to Mysuru, KPCC President **Dr. G. Parameshwara** said that he had sought the blessings of the Seer for deriving spiritual strength to face the 2018 Assembly polls.

Speaking to press persons after visiting Suttur Mutt here this morning, Dr. Parameshwara said that the Congress will fight the polls under CM Siddharamaiah's leadership.

Replying to a question on reports of Energy Minister D.K. Shivakumar, who was a keen aspirant for KPCC President post feeling disillusioned, the KPCC Chief said that the party High Command had talked to all leaders and has asked for putting up an united face to take on the Opposition BJP and JD(S) in the 2018 Assembly polls

Claiming that the party organisation is strong, he expressed the hope that the Congress would retain power in the 2018 polls.

MLC Raghu Achar, MLA Vasu, MyLac Chairman H.A. Venkatesh, City Congress President R. Murthy, District President Dr. B.J. Vijayakumar and others were present during the occasion.

Expo on achievements of Congress Govt. opens

Mysuru, June 3 (SPN&BCT)- District Minister Dr. H.C. Mahadevappa yesterday inaugurated a two-day exhibition at Maharaja's College Grounds highlighting various schemes and projects implemented by the Congress government led by Chief Minister Siddharamaiah in the last four years.

As many as 50 stalls have been set up by various Departments and eight districts that fall under Mysuru revenue division comprising Mysuru, Mandya, Chamarajanagar, Kodagu, Udupi, Chikkamagalur, Dakshina Kannada and Hassan.

The exhibition has been organised as part of *'Kotta Maatu Ditta Sadhane"* event to showcase Congress government's achievements. Special LED screens have been installed at the venue to display various schemes of the government.

The representatives of the respective departments will explain to people about the government schemes and also tell them about the procedure to be followed in order to avail them.

Siddharamaiah government's flagship programmes like *Anna Bhagya, Ksheera Bhagya and Pashu Bhagya* have been highlighted by the respective departments through models.

Departments participating in the exhibition include Zilla Panchayat - Mysuru, Panchayat Raj Engineering Department, Sarva Shikshana Abhiyan, Department of Public Instructions, Food and Civil Supplies Department, MCC, MUDA, CESC, Women and Child Development Department, Disabled Welfare Department, Tribal Development Department, Police Department, Tourism Department, Information Department, Animal Husbandry Department, PWD, Women and Child Welfare and Social Welfare Departments.

The departments have also printed hundreds of booklets to publicise various finished and unfinished works. A booklet brought out by MUDA throws light on various development works like Ramakrishna Paramahamsa Circle, Dr B.R. Ambedkar Bhavan, Dr. Babu Jagjivan Ram Bhavan, Maharshi Valmiki Bhavan, newly-developed layouts like R.T. Nagar, development of Outer Ring Road and the proposed affordable housing schemes.

After inaugurating the exhibition, Dr. Mahadevappa witnessed a street play that has been specially prepared to highlight the achievements of Siddharamaiah government.

Drama troupes will travel across the State to reach the development programmes of the government to the people.

MLAs Vasu and M.K. Somashekar, MUDA Chairman D. Dhruvakumar, Zoo Authority of Karnataka Chairperson Mallige Veeresh, former ZP President Dr. Pushpa Amarnath, former Women's Commission Chairperson Manjula Manasa, Deputy Commissioner D. Randeep, City Police Commissioner Dr. A. Subramanyeshwara Rao and others were present.

Maha Kumbhabhishekam at
Vontikoppal Eswara Temple tomorrow

Mysuru, June 3- The Vontikoppal Eswara Temple has completed 75 years this year. As part of the Platinum Jubilee celebrations, every month from July 2016 a special puja is being performed at the temple.

The Platinum Jubilee celebrations will conclude tomorrow (June 4) with a *Maha Kumbhabhishekam* to the entire temple.

The *Maha Kumbhabhishekam* will be held between 10 am and 10.40 am in the presence of Sri Adi Shankaracharya Sharada Lakshmi Narasimha Peetam, Peetadhipathi Parama Poojya Srimad Jagadguru Shankaracharya Sri Swayamprakasha Sachidananda Saraswathi Mahaswamiji, Hariharapura.

The present site for the temple in VV Mohalla was granted by the then Dewan of Mysore, Sir Mirza Ismail on the request and co-ordination by Asthana Vidwan late Sadashiva Sastry. A group of like-minded devotees built a small temple which was consecrated in June 1942 on *Jestha Shuddha Dasami.*

The presiding deity Sri Chandramouliswara in the form of a *Linga* was by chance found by late Belawadi Narayana Rao while taking a dip in the Holy

Ganges in Varanasi.

Thanks to the efforts of the elderly gentlemen augmented by the selfless service of succeeding Management Teams from the year 1983, headed by late Y. Venkataramaiah and K. Seetha Rama Rao, the temple was expanded from a *Garbhagriha* on an 8'x8' site to the present centre including Vidya Bharati Prayer Hall, Yagashala and staff quarters. The temple has over the years added shrines with the deities of Lord Ganesha, Lord Subramanya Swamy, Sri Prasanna Parvati Ammanavaru, The Navagrahas, Lord Dattatreya, Lord Dakshinamurthy and Lord Chandikeswara.

Models of the 12 Dwadasha Jyothirlingas which are spread all over the country has been installed in the temple for devotees to have *darshan.* The same was inaugurated by Sri Ganapathy Sachchidananda Swamiji in the year 2003.

On completion of 50 years of the consecration, a *Mahadwaram* was built to take a lofty *Raja Gopuram* 40 feet high. The *Raja Gopuram* was completed in 1997, in a record time of 17 months with artisans from Karnataka, Tamil Nadu, Andhra and Rajasthan working with utmost devotion. The *Kumbhabhishekam* was performed in the august presence of Sri Shivarathri Deshikendra Swamiji of Suttur Mutt and Sri Sureshanandaji, the then President of Sri Ramakrishna Ashrama, Mysuru. Swamijis from various other Mutts have also visited and blessed the temple over the years.

Mahashivarathri, Navarathri, Karthik Somavara and the annual *Jayanthi Utsavas* are some of the highlights of the Temple activities. Besides, every month *Sathyanarayana Puja, Sankashta Hara Ganapathy Vrata, Pradosha, Masa Shivarathri* are conducted in addition to the daily pujas.

I will bear the cost of 'homa'
at Talacauvery, says Minister

Bengaluru, June 3- Severe criticism from various quarters has forced Water Resources Minister M.B. Patil to declare that he will personally bear the cost of conducting 'homa' to appease the Rain Gods.

Patil had said that the government will conduct a 'homa' at Talacauvery where River Cauvery originates, considering the State was reeling under a third consecutive term of drought. This was declared at a time the MET department has predicted that monsoon will hit Karnataka on June 4. He had said that the State-run Cauvery Neeravari Nigam Limited has allotted Rs. 10 lakh each to conduct two 'homas', one at Talacauvery and the other at Mahabaleshwar.

After his statements, he was subject to severe criticism where critics had said that 'homas' cannot bring rain. Patil said yesterday that he will personally bear the cost of conducting the rituals.

"It has been our culture and tradition to perform 'homas' for the two rivers and we had set

Minister M.B. Patil

aside money for it. But since the media has portrayed it as unwanted expenditure,I have personally decided to bear the cost of 'homas'. No money from government will be used," he said.

"I am hurt at the fact that some media have projected that government money is being spent on these 'homas'. The 'homa' will be performed at Talacauvery on June 4 in the presence of Nirmalanandanatha Swamiji of Adichunchanagiri Mutt," he said.

Chief Minister Siddharamaiah, known for his rational outlook, tried to wriggle out of the row by stating that he was not aware of any plans to conduct 'homa' and that the government had no role in such rituals.

FRENCH OPEN 2017

Djokovic survives scare to enter last sixteen

Roland Garros, June 3- Defending champion Novak Djokovic struggled into the French Open last 16 on Friday, downing battling Diego Schwartzman of Argentina 5-7, 6-3, 3-6, 6-1, 6-1.

The second seed endured a roller-coaster of an afternoon on Philippe Chatrier court, picking up warnings for his behaviour as his mindset became as gloomy as the weather.

The 30-year-old, almost undone by 55 unforced errors, eventually triumphed, racking up 12 of the last 14 games as Schwartzman's challenge was foiled by a late back injury.

Djokovic will face either France's Lucas Pouille, the 16th seed, or 19th-seeded Albert Ramos-Vinolas of Spain for a place in the last eight.

Schwartzman, a boyish-looking world number 41 standing at just 5ft 7ins (1.70m), had been routed in straight sets by Djokovic in their only other meeting at the 2014 US Open.

But he was fired up on Friday with the heavy, overcast conditions playing into his hands.

He carved a crucial break in the 11th game on his way to sealing the opening set.

Djokovic comfortably levelled before the Argentine, playing in the third round of a Slam for the first time, broke in the eighth game of the third.

The champion sprinted to a 4-0 lead in the fourth before he was warned for unsportsmanlike behaviour by umpire Carlos Ramos having received a time warning earlier in the match.

As light rain fell, Djokovic regained his composure — despite berating the ball boys — to level the match at two sets each and was quickly a break up in the decider.

In no time, he was 4-1 up and Schwartzman, playing just his fourth career five-set match, began to feel the pace, needing treatment for a back injury which effectively ended his hopes.

Belgian 10th seed David Goffin was forced to retire from his French Open third-round encounter against Argentine Horacio Zeballos after sustaining an ankle injury that has put his grass court season in doubt.

According to reports, Goffin, ranked 12th in the world, had not suffered a ligament tear but more time would be needed to determine the length of his absence and whether he would play during the grass season.

Goffin was leading 5-4 in the first set when Zeballos, who had earned his first break point, forced him to the edge of the court near a cover with a deep groundstroke. Goffin, a semi-finalist in Monte Carlo this year, managed to get to the ball, lifting a lob over the Argentine, but slipped and hurt his ankle. Medical staff rushed on and helped him off court for a medical check before the umpire announced minutes later that the 26-year-old had been forced to retire.

Zeballos, 32, who is in the fourth round at Roland Garros for the first time, will play sixth seed Dominic Thiem of Austria who beat American Steve Johnson on Friday.

CHAMPIONS TROPHY 2017

Australia-New Zealand tie abandoned due to rain

Ground-staff mop up rain during what turned out to be an abandoned Champions Trophy match between Australia and New Zealand at Edgbaston.

Edgbaston, June 3- Rain saw the Champions Trophy one-day international between Australia and New Zealand at Edgbaston on Friday end in a no result.

Australia, set a revised target of 235 to win in 33 overs, were 53 for three off nine overs when the last of several rain interruptions took the players off the field.

A minimum of 20 overs had to be bowled in Australia's innings for a result to be possible but so severe was the final downpour that the umpires decided there was no possibility of getting to that mark within the scheduled playing hours.

Both teams received a point apiece for the no result from what was their opening match of the 2017 Champions Trophy, a tournament featuring the world's top eight one-day international teams.

The main beneficiaries were Group A rivals and tournament hosts England, who launched this year's edition with an eight-wicket win over Bangladesh at the Oval on Thursday.

New Zealand, who saw their innings reduced to 46 overs after a rain break of nearly two hours, made 291 all out in 45.

They lost their last seven wickets for 37 runs after captain Kane Williamson's excellent innings of exactly 100.

Australia fast bowler Josh Hazlewood took an ODI best six for 52.

Brief Scores

New Zealand: 291, 45 overs (K. Williamson 100, L. Ronchi 65; J. Hazlewood 6-52) Vs Australia: 53-3, 9 overs (match abandoned due to rain).

Will this road behind JSS Medical College be asphalted?

The HUDCO Main Road near JSS Medical College here is crying for attention as the road has not been asphalted since years resulting in rainwater becoming stagnant on the road, causing inconvenience to the residents and motorists. Authorities concerned are urged to take necessary steps in this regard for the benefit of all.

Plea to clear garbage on K.T. Street

Garbage which is being dumped on the road leading to K.R. Hospital from K.T. Street is not cleared from many days causing inconvenience to the public. Shopkeepers and residents say that when wind blows, plastic wastes enter drains and cause blockages leading to clogged drains and manholes with sewage water overflowing on the road. Authorities concerned are urged to get the garbage cleared at the earliest and also instruct civic workers to clear the garbage regularly.

Day-long ViVaCious-E Technical Project expo held at VVCE

Unmanned Vehicle Robot developed by final semester Mechanical Engineering students.

Mysuru, June 3 (RKB&KS)- ViVaCious, a day-long expo of E Technical Projects of final semester engineering students of Vidyavardhaka College of Engineering (VVCE) was inaugurated at the College premises here on Thursday. The final semester students of Mechanical, Electronics and Communication, Computer Science, Electricals and Electronics, Civil Engineering and other branches have displayed more than 100 working models of their projects which will be adjudged by jury members from various industries, companies and academic institutions.

Speaking after inaugurating the expo, Dr. Sundaresan Krishnan Iyer, Principal of Education and Research, Infosys Limited, Bengaluru, said that engineers should contribute good to the country, which would help in solving various problems.

He said that the engineers should question themselves regarding what they have contributed to the society and added that they should use the latest technology to uplift the downtrodden. Dr. Sundaresan called upon the engineering students of all departments to come together and conduct research to find out new things, which are beneficial to the society.

Stating that segregation of wastes was the biggest challenge in the country, he called upon the students to help solve the problem by keeping good and healthy environment in mind.

He asked the students to develop skills, knowledge and attitude which would make them employable, as candidates possessing these were in great demand.

Working models such as Unmanned Amphibious Aeromobile with Cam, which is capable of flying at a height of 400 metres and useful in monitoring the country's borders, Pedal Operated Salt Water Purifier and Unmanned Vehicle Robot developed by final semester Mechanical Engineering students, Signature Identity Software, developed by final semester Electronics and Communication student R. Supritha, which can detect forgery, Plastic Bottle Crusher and other models were on display and the models were demonstrated by the students who had developed them.

The prizes for the best projects were given later in the day.

Vidyavardhaka Sangha President Gundappa Gowda, Treasurer S.N. Lakshminarayana, Principal Dr. Sadashive Gowda, Deans of various departments D.B. Krishnappa, Dr. D.J. Ravi, Dr. Shobha Shankar, Dr. L.J. Sudev, Dr. V. Ravikumar, Dr. A.B. Rajendra and others were present.

Battery-operated wheelchair for specially-abled.

Inner Wheel donates dustbins

Mayor M.J. Ravikumar inaugurating the dustbin distribution drive organised by the Inner Wheel Clubs of Mysore at Chikka Gadiyara (Dufferin Clock Tower), opposite Devaraja Market, in city yesterday. Mysuru City Corporation (MCC) Commissioner G. Jageedesha, Health Officer Nagaraj, Inner Wheel Club of Mysore Central President Chandrika Sudheer and others are seen. In all, Inner Wheel Club members distributed nine dustbins, out of which seven are placed at different locations on Devaraj Urs Road and two at Chikka Gadiyara.

Himalayan bears Arun, Suchitra get new enclosure at Zoo

Mysuru, June 3 (MTY&BCT)- Two Himalayan black bears have got a new enclosure at Mysuru Zoo.

The newly-constructed enclosure was inaugurated by District In-charge Minister Dr. H.C. Mahadevappa yesterday. The bears, Arun and Suchitra, were released into the new facility. Another Himalayan bear, Ashwath, had been retained at the old enclosure.

Speaking to reporters, Dr. Mahadevappa said that more attractions will be added to the Zoo which is completing 125 years.

Regarding the long-pending Zoo Aquarium project, the Minister said that steps would be taken to complete the works. The project requires Rs. 10 crore more and he would discuss the issue with Chief Minister Siddharamaiah. For the record, the aquarium project began eight years ago.

The Minister later visited the chimpanzee enclosures and fed the primates with fruits. He later planted a sapling near the giraffe enclosure as part of World Environment Day celebrations at the Zoo. Zoo Authority of Karnataka Chairperson Mallige Veeresh, Zoo Executive Director Kamala Karikalan, MCC Commissioner G. Jagadeesha, MUDA Chairman D. Dhruvakumar and others accompanied the Minister.

Obituary

Chennamma

Mysuru, June 3- Chennamma

(70), a resident of K.G. Koppal, passed away here yesterday.

She leaves behind her husband Basavaiah, President of Vishwamanava Double Road Nagarika Vedike and a host of relatives.

Last rites were performed this afternoon at K.G. Koppal burial grounds, according to family sources. Her eyes were donated to K.R. Hospital's Eye Bank.

WORD OF THE DAY

Whirligig

Meaning: A child's toy having a whirling motion.

Examples: "As 2016 draws mercifully to a close, just what, exactly, are we to make of this bewildering whirligig of a year?" — Brian Chasnoff, The San Antonio News-Express, 30 Dec. 2016. "The whirligig, an object that spins or whirls, may have started as a farmer's weathervane, but it evolved into a recognised piece of American folk art." — Michelle Galler, RappNews.com (Rappahannock County, VA), 8 Dec. 2016.

Origin: English speakers, and particularly children, began spinning whirligigs as early as the 15th century. Since then, whirligig has acquired several meanings beyond its initial toy sense. It even has a place in the common name of the whirligig beetle, a member of the family Gyrinidae that swiftly swims in circles on the surface of still water. The word whirligig comes to us from Middle English whirlegigg ("whirling top"), which is itself from whirlen, meaning "to whirl," and gigg, meaning "(toy) top."

THE ODD WORD

Whipcat

Tailor

IDIOM OF THE DAY

Cup of Joe

Meaning: Cup of Coffee

Origin: Well, there are two popular theories about the origin of this phrase: One is in regards to Josephus Daniels, who was Secretary of the Navy. On the month of June, 1914, he banned all U.S. Navy ships from serving alcoholic beverages. The sailors weren't too thrilled with the decision, because they had to resort to the next strongest drink on the list, which was coffee! Since Josephus Daniels was the one responsible for banning alcohol and "forced" everyone to make the switch to coffee, the sailors nicknamed the drink after him, thus it became "a cup of joe," Joe being short for Josephus. That's the theory anyways. However, a more plausible theory comes from Snopes, where it's explained how the word "joe" can simply mean the average man. For example, perhaps you've heard someone say: "I'm just an average joe." That means he's just an average joe. That means he's just an every day, ordinary kind of guy. Therefore, a drink involving the word "joe" would show that the drink is for the common man, or the average person.

QUOTE BOX

Fear is the mother of foresight.

—Thomas Hardy

RIDDLE THIS

Answer the rebus below:

Answer: Reduction

SUDOKU

	1		7		8		6	
				3				
5		6				3		8
7			5		2			3
6								2
8			4		9			7
9		7				1		4
				7				
	5		8		3		9	

Answer to previous puzzle

6	8	1	9	7	4	3	5	2
9	3	2	1	8	5	4	6	7
4	5	7	3	2	6	8	1	9
3	7	4	2	5	8	6	9	1
8	2	5	6	1	9	7	3	4
1	9	6	7	4	3	2	8	5
7	1	9	8	3	2	5	4	6
2	4	3	5	6	1	9	7	8
5	6	8	4	9	7	1	2	3

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.
